

Scheduled Loss Compensation

BWC provides scheduled loss compensation for the amputation, loss of use or ankylosis of specific body part(s) due to a work-related injury or occupational disease. This compensation awards also covers the loss of vision and total loss of hearing. The location of the amputation or total stiffness of the body part (ankylosis) determines how long we will pay compensation.

Receiving a scheduled losses

You may receive a scheduled loss in addition to other types of disability benefits. You also may receive multiple scheduled loss awards. We pay these awards consecutively. To apply for a scheduled loss, you file a *Motion* (C-86). Submit supporting medical evidence from the attending physician with the C-86. To obtain a copy of the form, log on to ohiobwc.com, select Injured Workers, then choose Forms. We also provide medical diagrams to assist in determining whether a physical injury meets the requirements of a scheduled loss. To obtain a copy of these forms, *Amputation/Loss of Use Diagram* (C-196) and *Toe Amputation/Loss of Use Diagram* (C-197), log on to ohiobwc.com, select Medical Providers, then choose Forms.

We may pay this award at any time during which the claim is open. We base the payment on the allowed rate at the time of the injury, not the date of amputation or actual loss of use. We pay the award in weekly installments according to the schedule associated with the applicable injury.

Statutory permanent total disability

If you suffer the loss of or the loss of use of two limbs or both eyes or any combination as a result of a work-related injury, you may be entitled to statutory permanent total disability (PTD) benefits. You may use the C-86 to request a statutory PTD award. The Industrial Commission of Ohio determines statutory PTD awards. If you have questions about scheduled loss compensation, log on to ohiobwc.com, or call 1-800-OHIOBWC.
